

## **African Regional Communities and the Prevention of Mass Atrocities**

The Budapest Centre for Mass Atrocities Prevention  
African Task Force on the Prevention of Mass Atrocities  
October 2016

In October 2016, the African Task Force on the Prevention of Mass Atrocities, an 18-month initiative of ICRtoP member the Budapest Centre for Mass Atrocities Prevention, released its final report, entitled "African Regional Communities and the Prevention of Mass Atrocities".

The report discusses possible ways to reduce the commission of genocide and mass atrocities and seeks to assist African States in translating RtoP commitments into practice to better protect populations from atrocity crimes.
